

University of Idaho/Washington State University

Deans' Seminar on Engineering Education

**A MONTHLY SEMINAR DEVOTED TO INNOVATIONS IN CLASSROOM
TEACHING AND NEW RESEARCH IN ENGINEERING EDUCATION**

THE SEMINAR WILL BE HELD LIVE ON BOTH CAMPUSES.

WEDNESDAY, SEPTEMBER 30, 2009 - 4:00 p.m.

Brock Andrews, Graduate Research Assistant
Shane Brown, Assistant Professor of Civil and Environmental Engineering
"Student Conceptual Understanding of Geometric Design Principles"
WSU: Murrow 55
UI: Engineering Physics 205

WEDNESDAY, OCTOBER 14, 2009 - 4:00 p.m.

Jay McCormack, Assistant Professor of Mechanical Engineering
Edwin Odom, Professor of Mechanical Engineering
Steve Beyerlein, Professor of Mechanical Engineering
"A Student Developed Repository of Design Knowledge"
WSU: Murrow 55
UI: Engineering Physics 205

WEDNESDAY, NOVEMBER 4, 2009 - 4:00 p.m.

Christopher Hundhausen, Director, Visualization and End User Programming Lab
Associate Professor, School of Electrical Eng. and Computer Science, Washington State University
*"The Design and Evaluation of Direct Manipulation, Sketching, and Collaboration Environments to
Facilitate Learning and Critical Dialog in Engineering Education"*
WSU: Murrow 55
UI: Engineering Physics 205
